

Ragul R

Python Full Stack Developer

ragulsam195@gmail.com | +91 9042930496 | linkedin.com/in/ragul-Msc

PROFESSIONAL SUMMARY

Motivated Python Full Stack Developer with hands-on experience in building scalable web applications using **Python**, **Django**, and modern front-end technologies. Demonstrated ability to design and deliver end-to-end solutions including CRM platforms, task management systems, and service marketplaces. Strong understanding of OOP principles, RESTful architecture, database optimization, and agile workflows. Currently pursuing M.Sc. Computer Science (75%) while actively contributing to real-world projects. Seeking to apply technical expertise in a Python-focused role.

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML5, CSS3, SQL

Frameworks & Libraries: Django, Bootstrap

Databases: MySQL

Tools & Platforms: Git, GitHub

Python Concepts: OOP, Data Structures, File Handling, Exception Handling, Scripting

Soft Skills: Problem Solving, Communication, Teamwork, Adaptability, Leadership

EXPERIENCE

Python Full Stack Developer – Intern

December 2025 – February 2026

Hanvith Technologies

Coimbatore, Tamil Nadu

- Developed and maintained full-stack features for a production web application using **Python**, **Django**, **JavaScript**, **Bootstrap**, and **MySQL**.
- Transformed UI wireframes into responsive, functional web pages using Bootstrap, significantly improving cross-device accessibility and UI quality.
- Wrote clean, modular code following best practices for scalability and long-term maintainability.
- Executed unit tests and actively participated in the deployment phase, ensuring stable and reliable feature releases.
- Collaborated closely with the development team using **Git** for version control and code reviews.

PROJECTS

CRM System for Company Automation | **Python**, **Django**, **MySQL**, **JavaScript**

2025

- Designed and developed a centralized CRM platform to streamline customer data management and automate sales workflows, reducing manual record-keeping significantly.
- Implemented secure login/authentication, a lead tracking module, and a real-time reporting dashboard.
- Optimized MySQL database queries to improve system performance and data retrieval speed.

Local Service Marketplace | **Python**, **Django**, **MySQL**, **Bootstrap**

2026

- Built a full-stack web application connecting users with local service providers, featuring service search and booking functionality.
- Implemented role-based authentication to manage distinct user (customer/provider) access levels securely.
- Integrated a ratings and review module to improve service quality visibility and overall user experience.

EDUCATION

M.Sc. Computer Science

2024 – 2026

Kongu Arts and Science College

Erode, Tamil Nadu

- Percentage: **75%**

B.Sc. Computer Science

2021 – 2024

Sri Vasavi College

Erode, Tamil Nadu

- Percentage: **77%**

CERTIFICATIONS

Core Python – Completed with strong understanding of OOP, data structures, file handling, exception handling, and scripting. Built practical programs to enhance coding and debugging skills.

Programming in Python – SWAYAM (NPTEL), Government of India
